Country Food Report

For this enabling task you will choose a country to research and provide a description of the country and the foods most commonly consumed there. Your research will explain the reasons for food choices, flavours, staple foods, preparation techniques, trends and issues relating to food in your chosen country. You will put together a report outlining the required criteria that will include citations.

1. Choose a specific country from one of the regions listed below:
   - Latin America
   - South America
   - Eastern Europe
   - Western Europe
   - South East Asia
   - Middle East
   - Africa
   - Northern Europe
   - South Asia
   - Australia

My country is: 

2. You will have two library periods to complete research and work on your report. Include the following headings in your report (5 marks for each section):

- Flavours
- Staple Foods (explain why they are staples: climate, seasons, land features)
- Food Preparation Techniques
- Popular Food Choices (include influencing factors like: immigration, religious, cultural, social, or economic factors)
- Food Issues (hunger, famine, obesity, additives, etc.)

Evaluation

- Content: 30 marks
- Citations: 5 marks
- Overall Appearance (includes spelling and grammar, organization and neatness) 5 marks
